

talktotucker.com

Before we start looking at homes, I will...

- Answer any questions you may have in the process of buying a home.
- Discuss and explain the BLC System.
- Discuss architectural style, location, schools and special features that you desire.
- Explain the details of the Purchase Agreement and other forms used in purchasing a home and give you a copy for your review.
- Explain all the various financing options and offer an appointment with a mortgage representative to pre-qualify and determine your mortgage amount and closing costs.
